To get up to the minute text messages on classes and rings we are testing a messaging app www.remind.com —text @8ek929 to 81010 and follow the instructions and we'll do our best to make sure we can accommodate conflicts and chaos. The app was designed for schools, but is widely used at dog events. Our "school" is RiverRat Barn Hunt and the "class" is October RRBH Trials—Ridgefield. Or you can scan the QR Code. We don't guarantee you wont miss your class, but we may save you a couple of long walks to the barn hunt ring.

Remember to leave your phone out of the blind and ring.
