Welcome to Portland Oregon

CairnCaNews

Message from the President

Welcome to the summer 2010 edition of the Columbia River Cairn Terrier Club Newsletter.

As I write, it just doesn't seem possible that half the year is over and our 3rd annual specialty is on our heels.

If you've pulled this newsletter from your specialty hospitality bag, that means you're here with

us and we are so very happy that you've chosen the Pacific Northwest as one of your specialty destinations, or perhaps your only 2010 specialty destination. We recognize the national economy has had an effect on everyone, so on behalf of all the members of the Columbia River Cairn Terrier Club we THANK YOU for your support and we hope you will have a wonderful time.

I'd like to give special recognition to Brad LaBroad for all of his hard work and many hours of worry (because that's what he does) and countless sleepless nights as he put together the puzzle pieces that bring forth our specialty and the hosting of the Roving National specialty.

Huge thanks goes to Peggy Appel for her organizational skills and for keeping Brad moving in the right direction. I can't express my appreciation enough to the two of them for all the time and effort they put into this organization. THANK YOU!!!!

Besides 2 great specialty shows, an all breed show, and 2 really fun Earthdog events, I hope you will take the opportunity to meet some new people, renew acquaintances from the past and just enjoy the wonderful Northwest hospitality.

Welcome to everyone!

Terrier in the grass... A story posted on <http://nwpawssacrossamerica.blogspot.com>

Val, Dena, me, Happy, Oz, Alex, Lou, Merl, Sully, Tiger and Kula are in Lewiston Idaho at the Dog Show. Nice Fair grounds. We left The Dalles, Oregon Thursday morning with a few friends and caravanned here, taking it long and slow, stopping at a couple wineries for wine tasting and a cute little Brew Pub in Walla Walla. Good stuff.

Yesterday was fun, although tiring, We all got dumped for other Cairns in the conformation ring as the story goes sometimes. I've got some kind of cold so yesterday after all the festivities in the show ring I layed down and napped. See "Waiting to go to bed" for more thoughts on that activity. Last night we pooled our resources for dinner with our "caravan buddies (Border Terrier/Parson Russel Terrier folks). It was Casey and Paul's 22nd anniversary so the faire was golden. We donated hummus, crackers and our Creamed Tuna on Toast points with fresh Jalapeno slices for an extra kick, which was actually quite fabulous thanks to Val's brilliant cooking skills. Others offered more fancier stuff like pork loin, Cornish game hen, wonderful salsa, wonderful salad and I'm not sure what else but it was all very tasty. Our Border/Parson friends are: Paul/Casey, Steve/Carol, Wally/Carla, Gordon/Charlotte, what wonderful/fun people they are. Carol and Steve brought some Parsons pups for socialization, it was fun passing them around for loves, very cute little guys and very good for little ones. Wally and Carla broke out some Champagne they had stashed for a celebration. We were all tired so we called it an early evening and off to lala land we went.

9:00 ring time today, Saturday. We were up early getting dressed, Val did coffee and I am soo grateful to her for that! Happy had a 10:15 Rally Excellent ring time so I wasn't worried about any conflict, we'd have plenty of time. Oz took second in his Open class, not my wish but that's the gamble you take. THE GOOD NEWS IS... (drum roll please).... Alex with Dena at the end of the lead took Best of Breed & Best of Winners!! Lou (Val's grand pup) took Best Opposite Sex. We were elated! Now Alex only needs one more major for her long deserved championship and we have 2 more days of shows.. ;)

When Oz and I were done with conformation I put Oz in his crate at ringside and went to get changed and set up at the rally ring. When I got there to set up a crate for Happy no judge but it was early. Walk through was 10:15 and it was only 9:45. I went back to get Happy from ringside, Val & Dena had stayed to help the Border people out a bit. I bid Oz and everyone bye, they bid us good luck and back to the Rally ring Hap and I went.

Past experience tells me that I need to put Hap in his crate until just before we go into the ring so that is what I did. He only snarked at a dog once while he waited in the corner so I was pleased. I let hm roll in the grass a few times in the hopes that would get it out of of his system, he so loves to do that.... I was first in but the only other Excellent A dog had a conflict so we traded with him and were second. I was pumped, he was listening and minding although he did remember there were treats in the crate he did respond to me well.

I entered the ring very confident in our pending success. Hap sat quietly while I removed his lead and the first few steps were very successful. Our first task was "down, walk around your dog", here's how it went:

ME: "Happy, Down." HAPPY "What?" ME: Happy... DOWN" HAPPY: "OH, you mean like this? DIVE into the grass, itch my face and rooooooolllllllll around" Pop up long enough to catch a breath and do it again. JUDGE: "get him under control"... VOICE IN MY HEAD"yeah, right" ME: "Happy, here HERE !" HAPPY: "Oh, all right" JUDGE: "Try to start again" ME: "Happy, Heel, let's go buddy" HAPPY: "Oh YAY, we're doing again!" Repeat from the first 'ME' up to "Pop up long enough to catch a breath".

I looked up at the judge long enough to say "we should not do this on the grass, may we be excu...." Then it happened... The famous Happy Laps began. Up off the ground he leaped and headed for the jump, over the jump and around the first turn:

ME; Happy, Here!" JUDGE: "SIT" ME: 'HAPPY HERE!' JUDGE "SIT" ME:HAPPY HERE!! JUDGE; SIT, SIT MAKE HIM SIT" The judges last words were: "make him sit" really got to me.. I started to giggle as Happy cleared the jump for the second time and headed for the serpentine, he so fondly calls "weave poles" in agility.

A story posted on <http://nwpawsacrossamerica.blogspot.com>

He completed the weaves and over the jump one more time for good measure and looked at me as he would in agility. He knows that if he looks at me he has to do what I say, he was done being a goon. I told him 'DOWN' and he downed looking squarely at me. I walked over to him, got his collar and left the ring.... giggling "MAKE HIM SIT" she said :) OMG, she doesn't have Terreirs, does she Hap...

That is the end of Happy's Rally on Grass career. We will only enter indoor events from now on.

We had a surprise visitor today. Becky Williams from Clearwater Lewiston (paper mill), her husband and grand daughter came to their first dog show and visited us in our camp.. Becky and I have worked over the phone together for years, she's one of my favorite customers. It was fun meeting her face to face for a change and getting to know her little family.

Alex and Dena's run in the Group ring was uneventful, didn't even make the first cut. I have thoughts on this one but... can't publish them. Alex looked FABULOUS and so did Dena, there wasn't any reason for them not to be BEST IN SHOW!! Anyway, they are BIS to me!

Here is the group we traveled with, lovingly called "Casey's Tour". She worked hard to get us all rolling along and lined up wineries to stop at and a lunch stop as well. It was a wonderful trip with lots of dog showing, 3 breeds represented and several new champions, several majors and lots of new friends.

April 18, 2010 Show n Go at Dog Town- was, again, a huge success. We had lots of participants and sufficient help from our membership. We made \$260 and had a great time! Thank you all for your help and encouragement.

May 22, 2010 Garage Sale at Sharon Lannigan. The weather was a bit "iffy" but maintained pretty well for our second Garage sale. We made \$400 and were amazed at how many people braved the not-so-nice weather to come buy our wares. As always, thank you all for the help setting up, tearing down and selling all day.

June 19, 2010 Earthdog "Bark n Go" at the Quarles: Although the weather didn't cooperate much we had a good turnout of dogs and handlers to try their hand at Earthdogging. Among them, a couple weather resistant newbies, were Dr. Liz Hardesty and her family. They came to see if this activity was a good fit for Giles, their 2 1/2 year old Cairn. I'm pretty sure he'll be back to try again sometime. We made about \$225, not bad for a cold and rainy day. Big thanks to Tom Quarles, Brad LaBroad, Ryan Westlund, Dix Dixon, Vicky Montgomery, Peggy Appel and Marie Quarles. Without their help this wouldn't have been such a big success. **THANK YOU ALL!**

Decisions

A story posted by Betsy Peets on
<http://nwpawsacrossamerica.blogspot.com>

MONDAY, MAY 3, 2010 Many times in our lives we find that we must make decisions that will rip our heart from our chest and smash it on the freeway blacktop only to have it run over time and time again by others not aware of the pain it is causing. The process that we go through to make any emotionally charged decision, no matter how long we have to make it, is as gut wrenching as anything we have to endure in our lives. It is never easy, it never gets easier with each occurrence. As I get older I understand the kindness it represents. I have, in the past, assisted dear, beloved pets pass into the next world peacefully. The thoughts of those past decisions still bring tears to my eyes and forces my heart up into my throat. Still, I feel I made the correct decision. I would hope I would be allowed to pass peacefully and with dignity if I were in a condition that would render me totally and completely helpless. To face the remainder of my time on earth as a burden to those who love me is a horrible fear I have.

Pride of the patient comes into play. Most certainly a human trait and emotion but I see it in Happy when he tries to sit up to visit but is so weak he cannot hold his head up for longer than 60 seconds. That's pride. As I held him close while he shook uncontrollably from some unknown malady is heart wrenching. His eyes are sad and dull. I cannot ask him what to do nor can he tell me what is wrong. No one can tell me if he will survive, I have to trust God. I Pray, I ask others to pray for us. Asking, begging Him for mercy or peace, what ever is his plan, we pray. I know he will tell me when it is time, I fear the worst but hope for the best for Happy.

I love you Hap, if you need to go you can.. Oz and I will be fine. We will miss you horribly but we will be fine. Rest Buddy. I'll see you tomorrow no matter where you are.

Happy in the tunnel

July 2010 Update: Happy is in full recovery and back doing teacup agility and soon Earthdog!

THANK YOU!

Happy in the tunnel

As most of you know my little Happy-Dog (Cairngorm Shot in the Dark) took ill at the show in Lewiston, Idaho at the end of April. He spent 2 weeks going from Frontier Vet, intensive care at Dove Lewis and Emergency Vet of Tualatin while Vets from all over the west coast tried to determine what was wrong. Unfortunately the cause was never exactly diagnosed, it is assumed he ingested something.

My prayers were answered though and he has recovered and is back to the "little black Booger" we all know. In fact, this last weekend we ran in a Teacup Agility Trial and he got 2 qualifying runs and a first place ribbon in Standard beginners (if his handler was better he'd have walked away with more).

I wanted to humbly thank everyone for all the prayers and financial assistance we received. It showed me, and many others, that the Cairn community is made up of wonderful, caring people.

Thank you so very much!!
